
INTELLITEC COLLEGES CATALOG ADDENDUM

Supplement to the IntelliTec Colleges Student Catalog
2023-2025 Volume XI, August 2023, Number 1

Date Created: August 31, 2023

Date Updated: February 1, 2024

Revisions to the Catalog: August 31, 2023

Pg. 38 After Leave of Absence (LOA) section add the below section.

MAKE-UP WORK AND COURSEWORK DUE DATES

Residential and Distance Education Programs and/or Courses

Synchronous Delivery

Daily in-class assignments, lab demonstrations, checkoffs, and group work are due on a daily basis. If a student is absent, they will not earn points for the in-class assignments, however, the instruction time missed can be revisited during open labs or by requesting tutoring to help you stay on track with your class.

All Outside/Graded Work is listed in the syllabus and is assigned on Monday of the school week and are due on the following Sunday at 11:59 p.m. Late Outside/Graded work assignments submitted after Sunday at 11:59 p.m., will ONLY be accepted through Monday at 11:59 p.m. with a 20% deduction. All week 6 assignments are due by the last day of class, there will be no assignments accepted after the course has been completed.

Make-Up for Exams

If a student is absent on a scheduled exam date, the student must meet with the instructor before or after class to determine if make-up is possible, and, if so, make arrangements for make-up exam.

- Exams cannot be made up during class, as this would result in the student missing even more class time. Make-up exam time does not count for attendance.
- All make-up exams will have 10% deducted from the score if taken the first class day after the scheduled exam date; and 10% for each additional day late, for a maximum of one week and a total of 40% deduction from the score.
- If a student does not make up the exam one week after it was scheduled, the student will receive a zero (0) for that exam.
- Midterm and final exams cannot be made up unless the student notifies the instructor and the Director of Education in advance of extenuating circumstances that preclude attendance on the day of the exam. The instructor will discuss with the DOE the approval of the exam.

Distance Education Programs and/or Courses

Online Asynchronous Delivery

Weekly lecture assignments and weekly discussion board posts are due Thursday at 11:59 p.m. Discussions boards require the student's initial response and a response to three fellow students.

All Outside/Graded Work is listed in the syllabus and is assigned on Monday of the school week and are due on the following Sunday at 11:59 p.m. Late Outside/Graded work assignments submitted after Sunday at 11:59 p.m., will ONLY be accepted through Monday at 11:59 p.m. with a 20% deduction. All assignments due during the final week are due by the last day of class, there will be no assignments accepted after the course has been completed.

Make-Up for Exams

If a student is absent on a scheduled exam date, the student must meet with the instructor before or after class to determine if make-up is possible, and, if so, make arrangements for make-up exam.

- Exams cannot be made up during class, as this would result in the student missing even more class time. Make-up exam time does not count for attendance.
- All make-up exams will have 10% deducted from the score if taken the first class day after the scheduled exam date; and 10% for each additional day late, for a maximum of one week and a total of 40% deduction from the score.

- If a student does not make up the exam one week after it was scheduled, the student will receive a zero (0) for that exam.
- Midterm and final exams cannot be made up unless the student notifies the instructor and the Director of Education in advance of extenuating circumstances that preclude attendance on the day of the exam. The instructor will discuss with the DOE the approval of the exam.

Pg. 31 Under the Academic Progress section paragraph 12 now reads:

#11 Failing a course will result in a change to the student’s scheduled classes and graduation date. This also may result in the student being required to go on a Leave of Absence if a class is not available. The student will be notified of these changes. Any course repeated will result in a student charge of \$250 for 1-4.5 credits and \$500 for 5 or more credit hours in accordance with the current tuition supplement. The grade of any successfully repeated class will replace the grade of the same previously failed class in the GPA calculation.

- **Massage Therapy Course Descriptions are corrected to reflect the below:**

PROGRAM OF STUDY

MASSAGE THERAPY

#15

CAMPUSES: ALBUQUERQUE, GRAND JUNCTION, PUEBLO

Major: Massage Therapy

Certificate: Massage Therapy

Time: 9 months

Contact Hours: 750

Objective:

Graduates will have developed massage therapy skills through hands on applications in and out of the classroom and lab setting. Graduates will complete the program with the necessary skills to perform Swedish, Therapeutic, and Deep Tissue Massage Therapy, Massage techniques for specific injuries, detailed client assessments, session documentation, and treatment planning. Graduates will gain knowledge about the various work options Massage Therapists have in the industry including working as an employee or in an independent practice, and how to market themselves and their practice. Graduates will have knowledge and practice to prepare them to sit for their Massage and Bodywork Licensing Exam (MBLEX) which is necessary for obtaining their Massage Therapy license in the State of Colorado and New Mexico. Graduates will also have enough contact hours to register to be Certified with the National Certification Board for Therapeutic Massage and Bodywork (NCBTMB). (*The NCBTMB is only available in Colorado*)

**Schedule is dependent on campus location*

For more information about our graduation rates, the median debt of students who completed the program, and other important information visit www.intellitec.edu.

CCR-100 College and Career Readiness

120 Contact Hours

Prerequisite(s): None

This course is designed to prepare students for Career Training Success. It will introduce skills to prepare students for personal growth and success in their career. Emphasis will be placed on aiding students in the development of a variety of soft skills necessary for success in their career field and classroom interactions to include Stress Management, Effective Study Skills, Time Management, Leadership Development, Team Building, Financial Literacy, Effective Communication Skills, Diversity and Conflict Resolution, Career Readiness and Overcoming Road Blocks to Success. Students will also participate in activities to help develop the necessary skills to cope with and manage common obstacles that may arise in the workplace. Upon successful completion of this course, students will be ready to begin their educational journey in their chosen program feeling confident and prepared to engage in the classroom and lab setting.

MT-105 SWEDISH MASSAGE TECHNIQUES & ETHICS

120 Contact Hours

Prerequisite: CCR-100

This course will cover the history of massage, fundamental massage techniques including effleurage, petrissage, elongation strokes, draining, cross fiber friction, and seated chair massage. Proper body mechanics and self-care techniques, massage equipment, sanitation, hygiene, and safety will also be covered. Client assessment, treatment planning and documentation is covered along with professional communication and ethics. Students will begin preparations for the massage licensing exam that is required to practice Massage Therapy in most states.

MT-115 KINESIOLOGY

120 Contact Hours

Prerequisite: CCR-100

This course will teach students basic kinesiology terminology, an overview of the skeletal system, an overview of how the muscular system works, how to properly palpate, and how to use bony palpation as landmarks for finding muscles. The muscular system will be covered in depth; students will learn the attachments, actions, nerve innervation, and treatment considerations for the skeletal muscles. Students should develop their palpation skills and be able to properly identify bones, bony landmarks, muscles and their origin and insertions. Students will utilize basic elongation strokes to begin in their understanding of how to properly apply massage techniques to the muscles from attachment to attachment.

Students will begin preparations for the massage licensing exam that is required to practice Massage Therapy in most states.

MT-130 ANATOMY AND PHYSIOLOGY, PATHOLOGY, AND ADVANCED CHARTING

120 Contact Hours

Prerequisite: CCR-100

This course will introduce students to the systems of the body and various pathologies that are associated with those systems. The systems covered include Integumentary, Endocrine, Cardiovascular, Reproductive, Lymphatic, Respiratory, Nervous, Digestive, Skeletal, and Muscular system. Upon completion of this course, students will be able to identify pathologies through observation and client intake, in order to determine if the client is indicated or contraindicated for massage. Students will gain experience in SOAP charting and assessment skills focusing on body posture and gait. Students will take a BLS CPR class and earn their CPR certification within this course.

MT-155 THERAPEUTIC DEEP TISSUE TECHNIQUES

120 Contact Hours

Prerequisite(s): MT-105, MT-115, MT-130

This course will cover advanced massage techniques including assessment, treatment planning, and documentation, myofascial release, connective tissue release, deep tissue massage, proprioception and neuromuscular approaches including trigger point therapy. Musculoskeletal injury and massage and massage for chronic pain conditions will be covered. Students will continue preparations for the licensing exam that is required to practice massage in most states.

MT-180 CLINICAL MASSAGE AND MARKETING

150 Contact Hours

Prerequisite: MT-105, MT-115, MT-130, MT-150, MT-155

Marketing, advertising, business design, client interactions, promotional development, portfolio design, interview preparation, career planning, and communication will all be covered. Outside clientele will be seen in the clinic and students are responsible for booking appointments, conducting client intake, providing services, record keeping office duties, goal setting and business tasks. Students will finalize preparations for the licensing exam that is required to practice Massage Therapy in most states.

Please see below link for all requirements to take licensing exams: [New Mexico](#) [Colorado](#)
